

Orchard Bin Trailer 1, 2 & 3 Pallets

Orchard bin trailer platform HM 3 & HM 2:

Orchard bin trailers are adapted to work with the half-row berry harvesters, self-propelled berry harvester OSKAR 4WD and transporting orchard fruit bins.

- Full unloading pallet boxes follow the inclination of the trolley **with a hydraulic pump.**
- The self-unloading trolley enables fruit harvesting for standard boxes, transport and unloading.
- The orchard bin trailer is a heavy-duty construction
- Anti-sliding position and blocker during harvest and transportation

HM 3- 3 Pallets

HM 2- 2 Pallets

Orchard bin trailer H 1 & H 3:

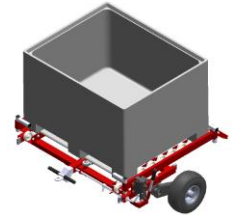

Orchard bin trailers are adapted to work with the half-row berry harvesters and designed for transporting and unloading orchard fruit bins.

- Unloading the boxes takes place after lifting the tractor beam - the trolley is tilted and the pallets slide down on the rollers to the ground
- The orchard bin trailer is a heavy-duty construction
- Anti-sliding position and blocker during harvest and transportation
